

ettain group CEO Recognized as One of The Most Influential People In the Staffing Industry

Charlotte, N.C., – February 24, 2016 – Jeff Harris, ettain group CEO, was recently named for the third time to Staffing Industry Analysts' (SIA) [Staffing 100](#), which recognizes The 100 Most Influential People in the Staffing Industry.

The Staffing 100 awardees are nominated by staffing suppliers, SIA advisors and the SIA team. This list is not a ranking, but rather a showcase of those who've made a difference in the industry and in helping millions find jobs. The Staffing 100 honorees for 2016 comprise CEOs and leaders of some of the largest staffing companies in the world, niche players, as well as entrepreneurs breaking ground as the industry continues to evolve.

Harris has been instrumental in growing ettain group to the 32nd largest IT staffing company in the nation and the 33rd fastest-growing U.S. staffing company. Under Harris' leadership, the company has expanded their IT, healthcare IT and digital creative practices, as well as their breadth of managed service solutions. ettain group recently received Inavero's 2016 Best of Staffing® awards for both client and talent satisfaction, as well as the Client Diamond Award for earning this distinction for five consecutive years. In addition, in 2015 ettain group successfully completed the acquisition of Timberhorn IT Solutions, a well-known IT staffing company in the Dallas-Fort Worth Metroplex, further expanding their national presence.

"I am honored and humbled to be recognized among the leaders in our industry," said Harris. "My co-founders and I never set out to be a great staffing company. We just wanted to be a great company. I believe we've achieved both through hiring exceptional employees who are committed to delivering the highest level of service to our clients and candidates. As we celebrate our 20th anniversary this year, I can proudly say that our team continues to embody the culture that was and still is the foundation to our success."
